Strapped: A Second Chance Mafia Romance

Synopsis

Marco keep my Glock strapped and my c**k hard. Olivia Markson thinks sheâ™s such a good girl, but I know better. I can practically feel her soaking panties on the tips of my fingers the second we see each other again. It's been years, but I know she remembers what I can do to that tight body of hers. She hates that Iâ™m in the mob, but I donâ™t give a f**k. Iâ™m a killer and Iâ™m good at it. I do what the familia tells me to do, and I donâ™t ask questions. Until they order me to take care of her. Now I have to keep her safe. And Iâ™m going to give her more than just my help. Iâ™m going to make every inch of her body mine. Olivia That gorgeous bastard is back and heâ™s taking what he wants. Marco Fabbri is hard and unrelenting. Heâ™s the kind of man I know I shouldnâ™t want. I made the mistake of letting his hands slide between my thighs once, and I swore Iâ™d never do it again. Now heâ™s back and his lips are pressing against my neck. He makes me beg Yes when I should be saying No. Marco is a bad man. When he lifts my hands above my head and presses me against a wall, I know Iâ™m going to give in. Itâ™s only a matter of how rough he makes it. Strapped is very steamy and filled with action. It's only recommended for audiences 18+. This is a standalone novel with a guaranteed HEA! Plus, it includes the novel You're Mine absolutely free!

Customer Reviews

Olivia Markson has saved enough to finally move back to New York and has a great new job at Elite Advertising! She reconnects with her old friend Marissa, and they agree to meet at a biker bar. Seeing her friend drunk, men hanging all over her, and so unlike the girl she used to be is a bit upsetting! Then Marco Fabbri, her high school crush, walks into the bar. Lots of changes have taken place since their school days. Marco, working with his cousin Johnny, gets swept up by the police as they arrest the others. He sees his happy, hopeful future has now been lost. He had always tried not to disappoint Olivia, but he was heading down a path he couldn't avoid. Her dad, a judge, pulls strings to keep him out of juvenile detention, but Olivia has to agree not to see him anymore. It's a little dizzying being switched back and forth in the story, not just from character to character, but with the years changing as well to tell the backstory. But it fills in the information for the reader as to where the characters started and what's going on now. The love from their early, innocent years is still there, despite all the intervening years that changed each of them. But is it enough to wipe out the bad and give them a good life together? Olivia has always believed in Marco, but can it override the man he has become? And will they each survive long enough to see that possibly happen when the very worst event changes everything? I received this book in exchange for an honest review. I highly recommend it. The characters will pull you in and break your heart. But it's still worth it to see where it takes you and how it touches your own heart.

I received an ARC for an honest review. I loved this story. It also made me sad that so many lives were affected by Olivia's love for Marco and her father's disapproval. She was helping Marco out of a bad situation, helping him strive for a better life while his cousin kept telling him the mob was the best they could hope for. When he gets arrested in a group arrest, Olivia's father gets him out on the condition that he leaves Olivia alone. He does, but doesn't tell her why and breaks her heart. He breaks his grandmother's heart too. Olivia moves away with her family but saves up to move back to New York. Does fate intervene when her first night back she sees Marco? And the same feelings arise, although a little more adult? Marco seems dangerous too, kind of thrilling. Does Olivia listen to her mind or her heart? This is a great story of second chances. There's violence and danger too because Marco is a member of the mafia. I couldn't put it down.

I received an ARC for an honest review. Emma Spring has done it again! Another jaw dropping,

panty melting HOT bad boy mafia romance! In this book Marco and Olivia get a second chance to be together. They knew each other when they were younger and fell in love but, Olivia's family wanted her as far away as possible from him. He was no good, a bad boy caught up in doing jobs, through his cousin, for the mafia. Years later, Olivia is back and she comes face to face with Marco again. She is not pleased to find out what he does for a living but, she can't deny her feelings which have only become stronger. Marco wants to be with Olivia so bad but, the mafia has control and one of them, if not both, may end up dead. With all the steamy passion, thrilling twist and turns in this book, you will have a hard time putting it down! A definite must read!

I was given an ARC for an honest review. I wish you could give 4.5 stars b/c that's what STRAPPED would get. This book is all about what-ifs, the road not taken, etc. Olivia, a sweet, studious wealthy young girl, falls for Marco, the tatted up boy in school who comes from a poor family where his father died of a drug overdose and his mom ran off with her druggie boyfriend. Marco lives with his grandmother but his greatest influences are Olivia, vying for the straight and narrow, and his cousin Johnny who has mafia connections and works to get Marco into that life. Against all odds Marco and Olivia have a very strong love for one another. Marco finds himself in the wrong place at the wrong time and gets arrested. Olivia's father, a judge, gets Marco off the charges so long as he leaves Olivia. The judge takes a position in another state to get Olivia away from Marco. But love finds a way. Right?! So many times it occurs to me that Olivia is the linchpin to the story. After Olivia leaves her NYC life behind to move with her family, her best friend, Marissa, who can't seem to please her mother, becomes a drug user and wild woman after being just like Olivia in school. Again, after Olivia leaves Marco, he feels he has no future except following his cousin Johnny into the mafia. I keep going back to what might have happened if circumstances had been different. Olivia's mother had to move to the 'boonies and leave NYC which she dearly loved. She's not especially happy in this new life. Marco's grandmother dies never knowing that Marco will turn his life around. STRAPPED is told in dual perspective jumping from 2010 to 2014 to give the reader the back story and how it impacts the current one. The book ends with an HEA. BTW, I could not download the Mobi version so I had to read on my Nook. You will not see me as a verified purchaser.
