MasteringEngineering With Pearson EText -- Standalone Access Card -- For Mechanics Of Materials

Synopsis

ALERT: Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a CourseID, provided by your instructor, to register for and use Pearson's MyLab & Mastering products.

Packages Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase.

Used or rental books If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code.

Access codes Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase.

-- For undergraduate Mechanics of Materials courses in Mechanical, Civil, and Aerospace Engineering departments.

Containing Hibbeler's hallmark student-oriented features, this text is in four-color with a photorealistic art program designed to help students visualize difficult concepts. A clear, concise writing style and more examples than any other text further contribute to students' ability to master the material. This edition is available with MasteringEngineering, an innovative online program created to emulate the instructor's office hour environment, guiding students through engineering concepts from Mechanics of Materials with self-paced individualized coaching.

Note: If you are purchasing the standalone text or electronic version, MasteringEngineering does not come automatically packaged with the text. To purchase MasteringEngineering, please visit: masteringengineering.com or you can purchase a package of the physical text + MasteringEngineering by searching the Pearson Higher Education website. Mastering is not a self-paced technology and should only be purchased when required by an instructor.

Customer Reviews

I bought this for a college class that required the code for homework assignments, and it arrived in a timely fashion with no problems in working.

I got it for school and it was a quick delivery. It made it before classes started.
