Synopsis

Control. Secrets. Revenge. Dorian You don't reach my level of success living in fear, so why am I doing it now? Because sharing my dark desires may cost me the woman I could never begin to deserve. Then add the fact my anonymous enemy has reemerged, and it appears Ryann is the target. Were I better man, I would let her go. Too bad for her that will never happen. So what I haven't said the words, she must be aware that she's my most valuable possession. I would kill to keep her and die to protect her. Ryann You'd think a relationship that began with a stalking, a shooting, and ended with a kidnapping must be doomed, right? Wrong. I'm crazy about Dorian Zuba, even if he has a mogul by day, and assassin at night vibe. No problem. However, the secrets he insists on keeping may succeed where the bullets failed. If you love a dirty talking alpha male with a huge heart, and a woman willing to give everything, but willing to accept nothing less than the same, then you'll love Hold Me, book two of the Club Surrender trilogy. Enter Club Surrender where wealth, power, and sensuality mingle, and kinksters come out to play.

Customer Reviews

This is the great and exciting continuation of Dorian and Ryann's story! Their tormentor's threats

have escalated. Their love continues to grow while being pushed to the limit. Can't wait for more!

The first book was really good. The second was awesome! How can you not love Dorian and Ryann. After all she went through she still kept her strength and true to herself. Despite Dorian's trust issues especially with woman she stood by him and made him a better. He strengthened her and gave her the love she needed at a point in her life when she could appreciate it. Honestly one of best part about the characters is that they weren't 22 but true adults in their mid thirties and forties. People that were mature enough to know when they had a good person and fought to keep them. Well done!

This book is the second in the Club Surrender series, and continues to story of Ryann and Dorian. Ryann is afraid the Dorian is going to smother her if she doesn't find a career outside of his influence. Her life is still in danger and her soon-to-be ex-husband is making her life miserable every chance he gets. I think we know that Dorian is not going to put up with that. Dorian had been keeping a secret from Ryann. She has no idea he is a Dom and his friends are telling him he has to let her into this part of his life if he wants a relationship with her. This story is an excellent follow-up to Heal Me. I loved everything about it and have great hopes that another member or two of Ryann's and Dorian's "family" will be featured in future books. This book contains some light BDSM references. I received a copy of this book for free from the author. I always review the books I read fairly.

Hold Me: Club Surrender Book 2 by A.C. Nixon is Book 2 of the Men of Eros Inc. Series. I received this book in exchange for an honest review. Continuing the story of Dorian and Ryann we have another hot read to add to the series. These are short reads and move quickly. I'm not going to give spoilers and ruin it but I will say there were many times I felt the need to bang my head against the wall over Dorian's behavior. Ugh honestly it got old how much he demanded of Ree without giving back the same consideration. In this one, I found Dorian more petulant child and neanderthal-ish at times and less dom-like with many of his actions. Still a good read with plenty of darkness and light to balance out the equation; and, of course, there is Ree's bestie who just has you rolling in laughter at her antics.

Will Dorian lose Ryann after everything they have already been through? What does this anonymous enemy want with Ryann? Will Ryann stay even after learning the secrets Dorian is

hiding especially if it puts her in danger again? This book is so well written and the storyline and characters just wrap you around their fingers and hold on tight and just don't let go till the very bitter end and makes you just want more and I just can't wait for book number 3 to come out. I was given this book in exchange for my honest opinion and book 1&2 in this trilogy are just explosive and dark but with passion and love in the least likely place. I hope you enjoy not only this book but book one as well author A.C. Nixon has written a great read for us to enjoy and I hope you love it as much as I have.

This is an amazing series. I loved how the story was put together and well written. The characters are the same as the first book. The story isn't extremely short so it is a nice length so you don't feel like your getting a really short story. The story has a lot of action,drama,suspense, and of course romance. I would love to see a new book with Sterling as the lead. I think he would make a great story. This is one series that you must read. I received a copy for an honest review.

This is a continuation of the first boo, Heal Me. I had to read these back to back. Could not put them down. The story just got better and better. Dorian and Ryann really do belong together. They have faced many obstacles getting in their way but true love will always win. She didn't think he felt the same way because he could not say the words, but in the end it was a perfect ending.I received this for an honest review.

I really liked Dorian and Ryann's story (from book one) but this book seemed rushed and at times hard to follow. Still, I got through it and would continue the series if the author found a good editor and developed the story better without rehashing/restating the thoughts of the characters over and over again. Oh and what's up with the phrase "her short fingernails". The over use of some phrases/words were annoying at times!
