THE FALL OF CAMELOT: Epic Medieval Romance (THE MORGAN TRILOGY Book 3)

Synopsis

"I adored this series, I did not want it to end!" Jenny Fletcher
"A perfect summer read, a beautiful romance" Oberon Childs
"Without doubt the best Arthurian romance I have read in ages." John Archer
A thrilling and dramatic finale to this fascinating Arthurian Trilogy Having lost a son and a lover, Morgan continues on her quest to destroy King Arthur. With Guinevere on the scene, she is patient and cunning and plants the seeds of jealousy. But Mordred, Arthur's illegitimate child, who has the dark powers of the Otherworld, is also restless for his father's crown. The mighty Camelot is under threat, war lingers on the horizon, and lives will be lost...If you enjoy Arthurian fantasy and medieval romance you will love this final book in the Morgan trilogy.

Legends

Customer Reviews

Almost everyone is familiar with the legend of King Arthur. The Fall of Camelot was true to the story with embellishments of the way things happened and the characterization. The voice of Morgan Le Fay tells the tale and she does not stray too far off the course that has been set since the beginning.

The novel is well written, full of detail about the way of magic, which I liked. I missed Merlin and wished he could have been part of the authors take on his personality. But, he had already gone the way of his predestined path. Thank you, Nicole for this retelling of an adventure I have longed to have a happier ending. I thought many years before finally writing my take on it. I tried to make it different in the way that I saw it happening. This is a story that I have loved since I was a child and I read everything that gets published about this fascinating cast of characters and see every film that is released as well. The enduring popularity of the legend has survived over centuries. What writer wouldn't want to have their writing remembered that long? I intend to read the other novels in this series.

An amazing retelling of the legend of King Arthur, Guinevere,, the Knights ,and Merlin, seen and experienced by Morgan La Fey. You can't put it down, a real page turner! An incredibly personal look at the legend and characters involved. The Morgan Trilogy will remain with you always.

I enjoyed this third book in this trilogy very much. A great ending! I had already read the Guinevere trilogy, and enjoyed it as well. I found the second book in this Morgan trilogy to be a bit tedious, and was very pleased that the last book, this book, was not! I kind of wonder if I should have read this trilogy before the Guinevere trilogy, and if that would have given me a different feeling, but either way, good reads all in all.

First I will say, I read all three books in 2 days. I will say I was entertained, but it was not my inability to put them down that made me fly through them, but rather it was the simplistic writing style. At one point I was going to create a drinking game for everytime the author wrote, look of resignation, past prime, small of back, plate, pulled me in to him...I would have been bombed! No, a vast array of complex vocabulary does not make a book grand, but the repetition became incredibly distracting. Additionally, some of the language and phrases used, would have never been used in that era, which removed me from the story and time period. Overall, not a bad stab at a very complex tale, but the writing was so incredibly disappointing!

It had been a while since I read the previous books in the series, and I found myself confused sometimes because I couldn't remember why certain things were happening. So maybe that was my fault, but I didn't enjoy this book as much as the others.

More wonderful stuff from Ms Collins. I have to admit, there's less in the way of sexy-sex in this last one, but it suits the narrative perfectly. It's as though all the light and colour is being slowly drained from the world. Not to make it sound one-note, because there is still plenty of humour, but this is by far the bleakest of the Morgan or the Guinevere books. It's also my favourite. I can only hope there might be more in the future! Much sad, very ending, so Lavinia, wow, as a doge meme might put it.

A brilliant end to a stunning series. The way the characters develop is excellent and the plot very exciting. Looking forward to more books like this from Lavinia Collins. Excellent medieval romance

Definitely an enjoyable series. I could quibble with things (repetitive language, jumping through time, etc) but it was a pleasure to read and worth the money I spent. I'll be purchasing and reading her Guinevere series in the future.
