Barron's AP Environmental Science Flash Cards, 2nd Edition

Synopsis

A set of more than 450 flash cards presents the most commonly-tested terms and topics on the AP Environmental Science exam with explanations on the reverse side of each card. All AP test topics are covered in the set. This second edition contains new diagrams and illustrations as well. The cards measure 4 1/2" x 2 3/4" and have a punch-hole in one corner that accommodates an enclosed metal key-ring-style card holder. The ring allows students to arrange the flash cards in any sequence that suits their study needs. A valuable study aid, whether used alone or in tandem with Barron's AP Environmental Science test prep manual. **BONUS!** An exclusive online exam included with the purchase of the flash cards.

Customer Reviews

These flashcards are fantastic for reviewing for an APES test or for the actual AP Exam. I used them throughout the school year and they are probably one of the best/most simple investments I made for school. The flashcards are not imperative (most of the information is in the Barrons book), but they certainly help break up topics and concepts.

Felt the cards helped me on the test to review all the information. There was nothing I didn't like. These cards would be valuable for anyone in the class or taking the AP test

Very useful. Have all the information to answer previous AP test problems for practice and hopefully

prepare me for this year's test.

My grandson takes a number of AP classes and considers the flash cards the best aid for preparing for the final exam for AP classes.

I teach AP Environmental Science and these cards are a gem to have for myself and for the students to use!

Huge help to my high schooler in his prep for the AP exams. Loved the format.
