# All-in-one Student Workbook : Version A (Prentice Hall Mathematics, Geometry)

## **Synopsis**

Comprehensive instructional support for proofMultiple formats are supported through mastery including two column, paragraph, flow, and indirect proofs. Students learn to value the need to think logically and present ideas in a logical order.Solid coverage of both structure and applicationsTraditional geometry concepts and logical reasoning are emphasized throughout, while measurement and applications are integrated to motivate students via real-world connections.Algebra reviewed and integrated throughoutAlgebra 1 skills are reviewed at point-of-use, ensuring students maintain these skills. Algebra integration within coordinate geometry topics, plus probability and statistics connections, are found throughout.

## **Book Information**

Paperback: 503 pages

Publisher: PRENTICE HALL; Workbook ed. edition (April 15, 2006)

Language: English

ISBN-10: 0131657194

ISBN-13: 978-0131657199

Product Dimensions: 8.7 x 0.9 x 10.8 inches

Shipping Weight: 1.8 pounds (View shipping rates and policies)

Average Customer Review: 4.3 out of 5 starsÂ  See all reviewsÂ  (14 customer reviews)

Best Sellers Rank: #375,056 in Books (See Top 100 in Books) #48 inÂ  Books > Teens > Education & Reference > Mathematics > Geometry #197 inÂ  Books > Textbooks > Science & Mathematics > Mathematics > Geometry #412 inÂ  Books > Science & Math > Mathematics > Geometry & Topology

## **Customer Reviews**

It is an "ok" supplement to the book. It does provide extra practice for the student and the teacher to use. However, it would be more helpful if there were answers provided so the student knows if they are working the problems correctly.

It is a wonderful resource for the classroom. It has Note-taking guides, vocab & study skills, guided problem solving and practice problems. The only reason I didn't give it 5 stars is because it doesn't provide answers.

For the price, Can't beat. Nice content, nice problems, BUT NO ANSWER TO CHECK. Very

disappointed because the site didn't said so. Cannot believe this and I have to return. Other than the answer problem, it's great for a three star.

As great of a resource it is, wish it came along with answers/solutions.

This book is very helpful. There are many good lessons and is very easy to understand. This book helps a lot with concepts that you don't understand.

I found this to be a great source for helping my student get familiar with course work prior to school.

Great reference! Exactly as advertised. It will be a great reference.
