Where Nobody Knows Your Name: Life In The Minor Leagues Of Baseball (Anchor Sports)

Synopsis

Minor league baseball is quintessentially American: small towns, small stadiums, \$5 tickets, \$2 hot dogs, the never-ending possibility of making it big. But looming above it all is always the real deal: Major League Baseball. John Feinstein takes the reader behind the curtain into the guarded world of the minor leagues, like no other writer can. *Where Nobody Knows Your Name* explores the trials and travails of the inhabitants of Triple-A, focusing on nine men, including players, managers and umpires, among many colorful characters, living on the cusp of the dream. The book tells the stories of former World Series hero Scott Podsednik, giving it one more shot; Durham Bulls manager Charlie Montoya, shepherding generations across the line; and designated hitter Jon Lindsey, a lifelong minor leaguer, waiting for his day to come. From Raleigh to Pawtucket, from Lehigh Valley to Indianapolis and beyond, this is an intimate and exciting look at life in the minor leagues, where you're either waiting for the call or just passing through.

Customer Reviews

Author John Feinstein focuses on eight Triple A individuals--Durham Bulls manager Charlie Montoya, Norfolk Tides manager Ron Johnson, pitchers Chris Schwinden, Brett Tomko and Scott Elarton, outfielder Nate McLouth, designated hitter John Lindsey and umpire Mark Lollo--during the 2012 season in *Where Nobody Knows Your Name: Life in the Minor Leagues of Baseball*. Feinstein describes his book as being about "a handful of men who run the gamut of life in Triple A; men who have been stars and have fallen; men who have been rich and then far from rich; and men who

have aspired to those heights and never reached them."Feinstein writes that no one dreams of playing in Triple A, and virtually no one wants to be there. Most everyone believes he's just "one accident away" from getting called up to the major league club. Players come and go every day and teammates compete against each other for that coveted call-up spot. The player transactions are barely noticed by the regular baseball fans, but they have a tremendous impact on those involved.Triple A is filled with players who are pushing back the inevitable end to the playing days. They are at a point in their careers where getting to the majors or returning to the majors isn't impossible, but it isn't likely.Life in Triple A is often an emotional roller coaster. It is filled with uncertainty, heartaches, disappointments, hope and thrills. Hope is the key.Toledo manager Phil Nevin says, "The worst part is releasing a player because you're killing his dream. Sometimes, the biggest favor you can do is tell a player 'it's time.' They don't want to hear it, but they need to hear it."Feinstein writes that those in Triple A all have one thing in common--a love for the game.
