Customer Reviews

Fr. Gula presents deep insights into the nature of Ministry. He has an accessible style of writing and presents the issues around Pastoral Ministry in a clear manner. I read this as part of a course on Pastoral Ministry and I highly recommend it to other lay ministers.

A very balanced approach to ethics in pastoral and moral theology. An easy read and Fr Gula is very objective in his presentation. Well worth studying.

This is one of my reference textbooks introduced by my seminary teacher. Also, I want to learn more ethical issues before I become a missionary or pastor. It is useful when you face ethical problems and want to realize those trouble.

Ethics is a fuzzy subject. The course in graduate school raised my awareness but was the most amorphous, useless class in my program. Gula's book is very good for provoking insightful discussion among colleagues in ministry and a sharper defining edge for ethics for professional ministers in a time when pastoral care has never been more needed and lawsuits have never been

more plentiful. It is current and practical.

This book was a good review of some issues to be aware of for those of us in ministry and then there were other areas that one needs to be mindful of legalities involved. I will keep it for a reference for me and refer it to others.

The book was very informative. I was given an assignment to do using the book and as I began reading it I found it to be very helpful.
