## Customer Reviews

Wow! I am super impressed with everything about this book! I love the use of alliteration with the 12 T's! This book had me entertained from start to finish! I couldn't put it down! I learned a lot from this book! I wondered how Laura could top her first book, "And They Were Not Ashamed," but this one is even better! It is more comprehensive, thorough, entertaining, and detailed! I loved how different clients' experiences were used to illustrate points! I loved the assignments that were given to journal! I loved the sections in the Appendix, especially the questions that couples can ask each other! I loved the teachings on how any form of pornography damages marital relationships! I love how she refers people to her website and podcasts, to enlarge their understanding and expand their horizons on the potential sexual fulfillment and joy that they can experience in this life! I love how bold she is throughout the book, teaching truths that has Satan shaking in fear, because she is removing false creeds that have been riveted upon the minds of men and women in society for

many years. I especially value and love books that transform lives, and this book will transform lives better than any book I've ever read!
