Mad Game : The NBA Education Of Kobe Bryant

Synopsis

When Kobe Bryant joined the glitzy Los Angeles Lakers in 1996 right out of high school, he faced a wave of media hype that declared him the next Michael Jordan. Now a veteran of five NBA seasons at the age of 23, Bryant has earned a place among pro basketball's elite. *Mad Game* documents his hard lessons on the road to stardom, his rapid rise through the NBA, and his conflicts with--and, at times, alienation from--his teammates, including his on-and-off-again relationship with Shaquille O'Neal. This is a story of triumph, of an unusually gifted young athlete trying to remain true to himself and his game.

welcom to the world of kobe bryant this book is number 1 out of 2,865 books i have read (still counting) this book doesnt just tell you about kobe it tells you about the whol lakers history and abot how other players reflect on kobe bryant like m.j. & magic Johnson I've read this book 3 times and i never get tierd of it i could tell you at least 5 things kobe has remarked of the top of my head I'm 11 years old & for me to type this much I'd have to love this book! & allso the author r. lazenby is supurb!

I read the book a little while back, and I thought it was a great read on the most electrifying basketball player today. At that time, Kobe was going through a lot of growing pains, a lot of failures, criticisms, bad chemistry with teammates. And now, this season, I've seen Kobe's maturation and improvement in the league, playing more under control, playing in Phil Jackson's triangle offense,

having better rapport with Shaq and his teammates. His incredible performance in Game 4 of the NBA Finals in overtime was unforgettable and it is only the beginning. Now he is finally an NBA champion with the Lakers, and hopefully, this will be the beginning of another great Laker dynasty, the first of the 21st century!

Kobe Bryant is all Ready a Important Player but wait until a few years down the line His Best shall come.the Guy is a Good Balance of Talent&Flaw.He is gonna be Scary in years to Come.this Book brings all those Elements&More out.He has had to deal with alot of things On&Off the COurt but He is Headed for Something Special with His Career.the Sky is the Limit for Him.

this book is good. Not 4-5 star book but good. I would recommend this to any player who has work ethic. Kobe Bryant was noted a decent player but he worked so hard he became a legend
