## Customer Reviews

I seriously think I just died and went to heaven. This has got to be one of the greatest books I've ever read. Seriously. 5+ Stars! I honestly did not know what I was getting myself into. I'm in love. The main character has a special bond with four guys. They've been together since they were two. Their relationship is probably my favorite thing about the book. They love her so much. I can't really

describe it. Jaymin wrote this book wonderfully. Let's just say, they'd die for her, and she'd die for them. All through high school and college my group of friends were a bunch of boys. They treated me like one of them. We hung out 24/7, playing video games, paintball, you name it. I couldn't help that I fit in better with the guys. I guess that's why I like this book so much. Her bond with them constantly made me smile. I'm not going to lie. This is the FUNNIEST BOOK I HAVE EVER READ. I was constantly laughing, no joke.-----I stared at it for a moment before a tear escaped the corner of my eye. Braxton laughed. "You are still the only supe I know to cry about cake." I sucked down my sob. "There are very few things in this world that can move me to tears." I hugged the plate close to my chest. "This is just beautiful."-----Of course, there has to be romance. The author drizzled it here and there, practically teasing her readers. It drove me nuts. It was enough to make me fall in love, though.
